

**Vidya Pratishthan's
Indapur English Medium School, Indapur (CBSE)**

Earth Day Celebration Report

Date:- 22nd April 2025

On the occasion of World Earth Day, celebrated on 22nd April 2025, Vidya Pratishthan's Indapur English Medium School, Indapur organized a range of engaging and educational activities aimed at spreading awareness about environmental issues among students from Std. 1st to 10th.

Activities by Grade:

1. Std. 1st to 5th - Drawing Competition

- **Topics:**
 - Std. 1st & 2nd: Nature Picture
 - Std. 3rd to 5th: Climate Change
- **Time:** Held during the 1st and 2nd periods on 22nd April 2025.
- **Judges:** Mr. Naykude and Mr. Vavare
- Students enthusiastically participated, showcasing their creativity and understanding of environmental themes.
- The result of above competition is as follows-
- Group I
- 1. Miss Sharvil Shinde 2B
- 2. Mast. Veeransh Pawar I B
- 3. Miss. More Sharnya 1A
- Group II

1. Mast. Divyarth Sandesh Patil Std. - 5A

2. Miss. Advika Sameer Chota Std. - 4A

3. Mast. Shourya Bhaskar Padule Std. - 4B

2. Std. 6th to 8th - Upcycled Art Projects

- **Activities by Class:**
 - Std. 6th: Magazine Collage Art
 - Std. 7th: Tin Can Pencil Holders
 - Std. 8th: Plastic Bottle Planters (Hanging or Desk)
- Students submitted their upcycled creations to their class teachers by 19th April 2025. The artwork displayed the students' innovative approach to sustainability and reuse.

3. Std. 9th - Plastic Spoon Flowers

- Students of Std. 9th designed beautiful and creative flowers using plastic spoons, promoting the idea of recycling waste into decorative items.

4. Std. 10th - Skit on Climate Change

- Std. 10th students performed an impactful skit highlighting the effects of climate change and the need for collective action. After skit students took pledge. The pledge serves as a powerful follow-up to the skit, allowing students to internalize the message and commit to protecting the environment. It transforms awareness into action by encouraging responsible behaviour, such as reducing waste, conserving energy, and promoting sustainability in daily life. This collective commitment fosters a sense of responsibility and unity among students toward preserving our planet for future generations. The performance was both informative and thought-provoking.

Skills Acquired by Students

As part of these Earth Day activities, students across all grades developed a variety of essential skills:

S.N.	Values/Skills	Description
1	Creativity and Imagination	Through drawing and upcycled art, students enhanced their ability to think creatively and express ideas visually.
2	Environmental Awareness	All activities emphasized the importance of sustainability, helping students understand their role in protecting the planet.
3	Teamwork and Communication	Particularly through the skit, students learned how to collaborate, share ideas, and communicate important messages effectively.
4	Craftsmanship and Fine Motor Skills	The hands-on nature of activities like making pencil holders and spoon flowers helped improve precision and artistic skills.

The celebration of **World Earth Day** at VPIEMS was a successful blend of creativity, awareness, and action. It not only encouraged students to think critically about environmental issues but also inspired them to take small but significant steps towards a greener future.
